

Technical Rider and Information

Berlioz: Symphonie fantastique

Show Length: ~60'

Materials (provided by CSO)

CSO shall provide to Presenter the materials listed below to be used according to the terms of the Agreement.

1. Scripts for Narrator and Actor
2. Stage Manager's score
3. Conductor's score and materials for Beyond the Score® parts
4. Hard drive of media (QLab or Isadora Format) for projections

Travelling Personnel (secured by CSO)

CSO shall secure the following personnel that will travel for the show in order to provide necessary duties in support of the rehearsals and performances. Fee and expenses for travelling personnel will be subject to the terms of the agreement.

1. Production Stage Manager

Performers and Personnel (provided by Presenter)

Presenter shall provide the performers listed below to be used according to the terms of the Agreement.

1. Conductor (who can serve as the pianist) (has speaking lines)
2. Orchestra of the following size:
2[1.2/pic] 3[1.offstage ob.2/Eh] 2[1.2/Ebcl] 4[1.2.3.4/cbn] - 4 4[1.2.crt1.crt2] 3 2 -
4tmp[1.2/perc.3.4/perc]+2 - 2hp - str
*perc = BD, tamb, cym, bells
3. Male Actor (Young actor preferred)
4. Female actress/dancer/mime. This actress will act and dance out the show silently.
5. Classical Vocalist (Tenor timbre). This singer will sing a short aria and a short musical excerpt.
6. Projectionist experienced with computer-driven HD projections and MacOS operating systems
7. Stagehand labor
8. Soundboard operator
9. Lightboard operator

Technical Information

CSO agrees to furnish the following at CSO's expense:

- Hard-drive and access to online storage with show multimedia in QLAB or Isadora format.
- Scripts for actors
- Cueing score for Production Stage Manager

Presenter agrees to furnish the following at Presenter's expense:

SOUND (Subject to advance)

- Sound equipment to amplify spoken word clearly and consistently throughout concert hall; 2 wireless headset microphones (DPA 4065 or equivalent); sound to be mixed from in-house position. Back-up microphones for actors are recommended.
- CD player or audio playback laptop (recommended) and operator are needed for all non-orchestral rehearsals to play orchestral excerpts. Excerpts will be provided as CD and as MP3/playlist, and should be played through the primary sound system.
- Clearcom system for communication between Production Stage Manager, soundman, lightboard operator and projectionist, and musical excerpt player for non-orchestral rehearsals.

LIGHTING (Subject to advance and stage plot)

- Specials focused as follows:
 - actor (upstage right)
 - male vocalist
 - female dancer/actress
- Stand lights for orchestra members and conductor powered from light board and dimmable; recommend use of hoods or other masking device for orchestra stand lights to minimize spill onto screen. Stand lights to be removed at intermission (2nd half of concert in regular concert lighting).

PROJECTION/SCREEN for Primary projections (Subject to advance)

- Minimum 16' x 28' screen to accommodate 16:9 aspect ratio images centered above orchestra as needed for optimal sightlines (retractable screen is optimal).
- Appropriate location from which to project with appropriate power requirements for projection equipment.
- -- Projector should feature a minimum resolution of 1920 X 1200 and a minimum brightness of 14,000 lumens. Appropriate lenses based on throw distance and hall.
- A main projection computer consisting of a **MacPro** **[**This is a desktop tower computer and NOT a MacBook Pro Laptop]**** or similar model running MacOS 10.11 or later. It is recommended that MacOS Sierra 10.12.3 is used. The computer must have a Retina display and at least a quad-core processor, a Solid State Hard Drive, a minimum of 8GB of RAM, and a minimum of 2GB of video RAM. This computer should have its own wired dedicated monitor, keyboard, and mouse (or pointing device).

— This show has embedded audio. As such, the projection computer must have the ability to output audio. A stereo audio connection to the venue’s sound system is necessary. This can be via the built-in audio output (3.5mm), or using a digital audio interface.

- Backup computer recommended. Backup computer should mirror the projection computer, but a MacBook Pro with Retina display (2014 or later) can be used as a backup as needed.
- 2 “now serving” [downstage left, downstage right or in house] number displays indicating to orchestra the current/next excerpt. Librarian (or other qualified person) follows along in script and advances numbers with remote when appropriate. Effect can be accomplished with PC laptop running PowerPoint and 2 monitors onstage in view of the musicians. We recommend this be operated by the same individual who operates music examples for non-orchestral rehearsals.
- Presenter will be required to download and rent via temporary license appropriate projection software as required by show. Projection format will be in either Isadora or QLab formats.
- A Folsom Screen Pro switcher (or similar switcher) is necessary if using a backup computer
- All necessary cables and distribution

PROPS

At a minimum, props must include:

- Desk with Chair
- Some old books to lay on the desk
- Musical score
- Loose Leaf papers
- Pen/Ink Well
- Music Stands for narrator as needed

Additional Props to enhance the show as follows:

- Unlit candle for desk
- Glass of Water
- Brown “Opium” Bottle
- Open Musical Score
- Old stove rigged to light up

COSTUMES

Male Actor: Period suit with a jacket.

Female Dancer/Actress: White ethereal dress with flat shoews.

Male tenor vocalist: Concert dress and attire (Tuxedo pants, white or black shirt, black jacket)

OTHER

- Placement for Production Stage Manager in front of house position (i.e., booth) or backstage with video monitors (one large overall stage view and one conductor view) and audio monitor.
- Music stand with stand light and ClearCom in central main-floor location for rehearsals as requested by Production Stage Manager
- Stagehand labor required to focus and run lighting, mix amplified sound, and rig screen. Projectionist to set and run projection, including switching of called images. (Soundboard operator, light board operator, projectionist and other personnel involved in concert should be present at all rehearsals, including run-throughs.).
